

September 10, 2007

The Honorable Max Baucus
United States Senate
511 Hart Senate Office Building
Washington, D.C. 20510-2602

The Honorable John D. Dingell
United States House of Representatives
2328 Rayburn House Office Building
Washington, D.C. 20515-2215

The Honorable Charles E. Grassley
United States Senate
135 Hart Senate Office Building
Washington, D.C. 20510-1501

The Honorable Nathan Deal
United States House of Representatives
2133 Rayburn House Office Building
Washington, D.C. 20515-1010

Dear Senators Baucus and Grassley and Representatives Dingell and Deal,

As faith leaders from the nation's largest religious denominations and faith organizations we believe that adults have a sacred obligation to protect children. Ten years ago, when Republican and Democratic leaders came together to create the State Children's Health Insurance Program (SCHIP), they bestowed a blessing on America's children and families. Since 1997, SCHIP has provided millions of children with a healthy start in life and the hope of a better future.

Now Congress and the President must finish the job for America's children by approving a strong \$50 billion SCHIP reauthorization. We must keep our nation on the moral path toward to a day when no child in America lacks the health coverage they need to succeed in school and grow up to be a healthy and productive citizen.

As you negotiate over differences between the children's health bills passed by the House and Senate we pray that you act with a spirit of generosity and vision, not division. We urge that you allocate the full \$50 billion set aside in the budget resolution to cover five million uninsured children. Who among us would ask our own child or any child to go without health coverage? You have an opportunity to help states reach five million uninsured children. Seize it!

With America's children headed back to school and SCHIP set to expire on September 30, we are deeply disappointed that the President has proposed cutting children off of SCHIP and has threatened to veto SCHIP bills passed in the House and Senate. People of faith will not accept the President or Members of Congress standing in the way of a highly successful program to improve children's health.

Indeed, we believe that the American people support SCHIP so strongly because the program is a shining example of a pragmatic policy that focuses on children not ideology. SCHIP provides states with the flexibility to design programs that meet children's needs. It delivers health coverage through private insurance companies, not public agencies. More than four out of five of the children who would be covered by the SCHIP bills passed by the House and the Senate are already eligible for SCHIP and Medicaid.

Congress has shown good stewardship of public resources in deciding to fund children's coverage by reducing overpayments to large insurance companies and raising tobacco tax revenue. By reducing windfall payments to insurance companies, the House legislation will strengthen the Medicare program, which is why it has received strong support from senior groups, including the AARP. And tobacco taxes are a proven deterrent to youth smoking. An increase in the federal tobacco tax will save tens of thousands of lives and billions of dollars in wasted medical spending.

America's faith communities are leading a grassroots movement to win health coverage for uninsured children. Over the past months, tens of thousands of people of faith have participated in prayer events and contacted their members of Congress in support of full funding for SCHIP. The faith community is working closely with our Republican and Democratic governors, children's health organizations and senior groups to mobilize public support for SCHIP. The American people understand that YES is the only acceptable answer to the question of whether Congress and the President should act to cover uninsured children. We look forward to continuing to work with you to make this the healthiest generation in American history.

For more information contact Fr. John Bauman, Executive Director, PICO National Network, (510) 655-2801 jbaumann@piconetwork.org; www.piconetwork.org. This letter was organized by the PICO network in partnership with the National Council of Churches, Sojourners and other faith-based organizations.

Sincerely,

Signed by 1,776 faith leaders from all 50 states and 388 Congressional Districts.
